We, the parents, believe in the sacredness of the Sacrament of Baptism. We realize the responsibility on our part to actively practice our faith and to be living examples of the Christian life to our child. We also recognize that Baptism is the entrance to God's family, the Church. We accept the responsibility of training our child in the practice of the faith, to raise up our child to keep God's commandments as Christ teaches us through the Church. We willingly accept the fact that we must be the first and the best of teachers for our child in the ways of faith by our word and example. We understand the solemn responsibility we are undertaking and request the Sacrament of Baptism be administered to our child.

Father's signature: _____ Mother's signature: _____
